

Sue Gagliardi writes fiction, nonfiction, and poetry for children. Her books include Fairies, Get Outside in Winter, Get Outside in Spring, Hurricane Katrina, East African Drought of 2011, and California Wildfires (Focus Readers, North Star Editions). Her latest books include three titles in a Fairy Tale Science series.

Her work appears in children's magazines including Highlights Hello, Highlights High Five, Ladybug, Spider, Boys' Quest, and Fun for Kidz.

She is a member of the Society of Children's Book Writers and Illustrators (Eastern PA region).

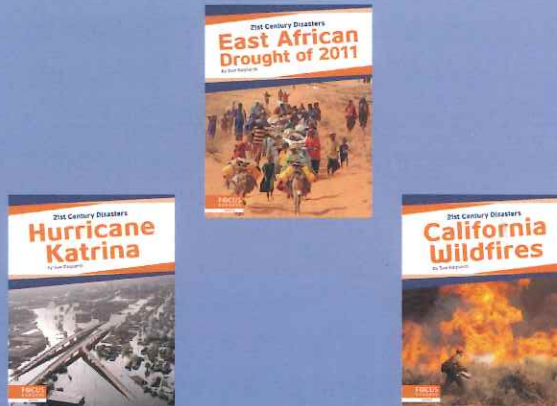

She teaches third grade and lives in Hatboro, Pennsylvania with her husband and son.

Author Visits can be scheduled for after-school programs, museum and library events, family literacy and STEM events, weekend and summer programs.

About the Series

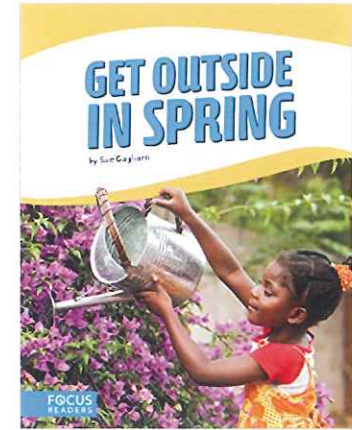

These titles from the Get Outside series offer readers a variety of outdoor activities they can do to celebrate the seasons. Filled with fun facts about each season, bonus sidebar activities, and a “Get Outside!” special feature, these books inspire kids to explore the great outdoors.

Program Description

This interactive program includes engaging activities to inspire kids to explore the outdoors. Fun facts and science background related to the seasons are woven throughout the program.

Supplies and handouts will be provided for open-ended activities and exploration at each station.
